To the graduating seniors:

There is an old Chinese saying: "If you are planning for one year, plant rice. If you are planning for 10, plant trees. If you are planning for 100 years, educate men and women." Suffolk University is planning for 100 years. Curricula may change over time, but our objective remains constant—to provide successive generations with knowledge and ideas.

You are part of a great stream of students, almost 30,000, who have found and continue to find at Suffolk University a capacity for growth—physical, intellectual, professional, and social growth—for a lifetime. Your teachers have become your mentors and your peers friends. The city of Boston has become an extension of our Beacon Hill campus. It is my hope that you will continue to use these resources and will support them conscientiously.

Suffolk University takes pride in the academic achievements of its students. As President of the University, I share in that pride and congratulate you for what you have accomplished. When you graduate and launch your careers, you will join other Suffolk alumni who play an important role in the fabric of metropolitan Boston.

My best wishes to you all.

Sincerely,

Daniel H. Perlman
President

When I think back on the four long years that we've all gone through, it doesn't seem to be that bad. Oh yeah, we certainly had our problems whether they be teachers, classes or other students, but that just goes with the growing up that we do during our college life. On the other hand, we all found something that held a fond memory, whether it was parties, certain classes or the friends that we made. 1983's graduating class is very special. We are the last of the baby boom and the beginning of hard times for job seeking. We are in the mainstream of many past graduates who have been able to work their way up the ladder of success. For us, the class of 1983, we will have a more difficult route to travel. But in the end we will all be pursuing and gaining the same dream-happiness in life. No matter when we graduate-be it January, September, December or June; when we meet on the street to say "hi" to a recognized face we will be proud in acknowledging the fact that we were and always will be . . .

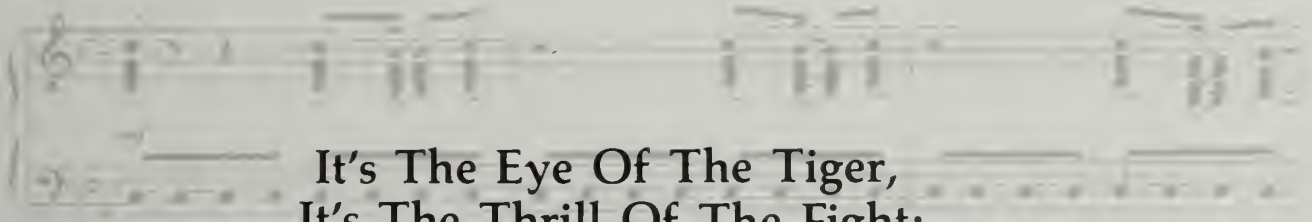
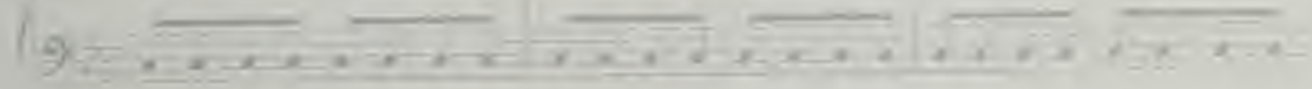
# EYE OF THE TIGER

Risin' up, back on the street,
Did my time, took my chances.
Went the distance, now I'm back on my feet;
Just a man and his will to survive.

So many times, it happens too fast;
You trade your passion for glory.
Don't lose your grip on the dreams of the past,
You must fight just to keep them alive.



**It's The Eye Of The Tiger,**
**It's The Thrill Of The Fight;**
**Rising Up To The Challenge Of Our Rival.**
**And The Last Known Survivor Stalks His Prey In The Night;**
**And He's Watching Us All With The Eye Of The Tiger.**



Face to face, out in the heat,
Hangin' tough, stayin' hungry.
They stack the odds, still we
Take to the street
For the kill, with the skill to survive.

Risin' up, straight to the top,
Had the guts, got the glory.
Went the distance, now I'm not gonna stop;
Just a man and his will to survive.

. . . IDEALS ARE LIKE STARS: YOU WILL NOT SUCCEED IN TOUCHING THEM WITH YOUR HANDS. BUT LIKE THE SEAFARING MAN ON THE DESERT OF WATERS, YOU CHOOSE
THEM AS YOUR GUIDES, AND FOLLOW THEM, AND YOU WILL REACH YOUR DESTINY.

GOOD LUCK TO THE CLASS OF 1983
IN REACHING YOUR STAR.
